[Download Camtasia Studio 3](#) - create your own screencasts, edit and dub sound. (Free licence)[Articulate Engage](#), Interactive, flash based. Uses templates to create professional tutorials using audio, video etc. Fast and dead easy. Free trial[Articulate Quizmaker](#) Interactive, flash based. Professional interesting way to create all types of quizzes. Export as SCORM load into gradebook for easy assessment. Free trial[Studymate](#) Free through the LP creates fun games, crosswords, glossary. [example](#)[Respondus](#) Free throught the LP creates quizzes, export as SCORM and link to gradebook.Feel free to look at ways I have used the above in my WHS course. Login to LP with username:guest904150 password: pass to see tutorials and assessment tasks. Course documents, Training room. Notice how I have linked the navigation buttons directly to the html page. Instructions [attached](#).[Download exe 1.4 xhtml editor](#) (Open source) Exceptionally easy and creates great e-learning webpages for blackboard. Super easy. Makes dontent organisation very easy. Can run off a USB. Also gives you the ability to add interactive tests etc within the page. Program very quick to use, very intuitive. Within 30mins can produce a professional looking html page. Export as single page. Zip the file. Load up to blackboard and link a navigation button as in the [pdf attached](#). I cannot wait to create another LP course using this.**And there's more...and it's free!**Here is [JING!!](#) Very cool! Jing is free software from the makers of Camtasia Studio. It creates screencasts. It can be used to make little software demo videos. Works very nicely, is free and is MEGA EASY to use. Files are exported as .swf. Upload to BB, to your own host or to the Jing server.[Windows Media Encoder](#).*'Windows Media Encoder is a powerful tool for content producers who want to capture audio and video content using the many innovations in Windows Media, including high-quality multichannel sound, high-definition video quality, and support for mixed-mode voice and music content'.*[TipCam](#)----Record your screen:

- Easy and intuitive controls
- Record up to 20 minutes of full motion video with audio

Adobe Captivate for eLearning

Excellent, (of course..it's Adobe) full featured software! (but not free) Worthwhile downloading the free trial for [Adobe Captivate](#).

I have used [Wink](#) for similar purposes - free also!
